### Evaluation

#### I. Summary of the course evaluation

Number of survey responses: 9, of which is 52 % of the students

*Short summary of the evaluation responses:* In general the students were satisfied with the course. The overall grade for the course is 4.3.

#### II. Comments from the teaching team

Teachers' opinion is that the course went well.

The course is every year being slightly changed due to evaluations. This year it was a new group project with oral presentation. It went well. Many students find the course challenging, as there are so many practical exercises.

#### III. Suggestions for changes to implement before the course is given the next time

The course went much better with the changes implemented for spring 2019. No changes will be made for next time (spring 2021).
